SKILLS

Languages :

- ❖ **Advance: C++**
- ❖ **Intermediate: C, Java**
- ❖ **Novice: JavaScript**

Tools :

- ❖ **Git**
- ❖ **Windows**

Framework & Library

- ❖ **Reactjs**

Others

- ❖ **Teaching**
- ❖ **Public speaking**

EDUCATION

- ❖ Indira Gandhi National Open University | IGNOU (MCA) (12-02-2016) Second
- ❖ SVP College Of Computer Science | VNSGU (BCA) (27-02-2012) *Distinction*
- ❖ XII (GHSEB) | Balashram High School *Second*
- ❖ X (GSEB) | Balashram High School *Distinction*

ACADEMIC PROJECTS

- ❖ **Shoppers-shop | HTML | CSS | Javascript**
Built an app where I have created a list of type of dresses and user can see the list of items by clicking on category, price and color that he wants. Here I included a feature of filtering.

Link : <https://github.com/vandana-exploring-stuff/vandana-exploring-stuff.github.io>
- ❖ **ChatGPT Clone**
Created a chatGPT Clone by using openAI and used a secret key. User can chat and ask anything and AI replies.
